

Larry,

And "THEY" still have no-idea you wrote this? I am proud of you, DUDE... THANK YOU!
THANK YOU for having the balls to put this down on paper.

I know you said you didn't want anything from this. That you just wanted to let other parent's know what a "corrupted family law court" is more than willing to do, but as your friend...

I hope all of your dreams come true!

*Larry, I LOVE THIS BOOK!! You have every reason to be proud of yourself. **WOW!***

Bobby
