

After I read your book, to say I am shocked would be misleading. I am outraged! Your right, how could this have happened? You were trained in both Military and Civilian Police Occupations. You were trained how to interview and question (interrogation) individuals. And exactly how to safeguard, vital information, regarding this very type of incident. I am appalled that anyone would even suggest erasing the data from that computer. You were wrong however; "Idiot" is not a strong enough word there.

How they could do this really insults my intelligence. Mr. John, being a parent of a 3 year-old child myself, I cannot bring myself to be in your place for this matter. I don't know how you can do it either, but I thank you. You were a Police Officer, and apparently a very good one too. You knew what they should have been doing and when they should have been doing it. And to read first-hand how they castigated you. How you were made to be the guilty party, how they refused to acknowledge the evidence you presented. How can this be?

How can this commissioner look anyone in the eye with what he did? Corrupt, you have started at the bottom of the list as far as I'm concerned. Fraudulent, Culpable, Criminally Negligent, Unprincipled, Dishonorable, Deceitful and then Corrupt is more like it. I don't know much about the law. But this idiot should go to prison. No strike that... THESE IDIOTS SHOULD GO TO PRISON for what THEY did. THEY should be made sit and ponder along with the other social rejects for the next 20 years about THEIR immediate future and their remaining life behind those bars.

Thank You, Very much.

Steve
